

116: Thinking Like A Bad Guy

No tech on

- ① Last class: OSI model, TCP, IP, ICMP & protocols, Ethernet
 - ② But did we talk about security?
 - ③ Last time we talked about security. Last week, day 1.
Why networking first?
 - Think: concept → attacking → defend
 - So, you are able to dabble w/ something right away
 - Everything is connected to the network
 - ④ Defs
 - ⑤ At the top: security policies
 - Do we have one?
 - Have you ever read it?
 - Purposes?
 - ⑥A Defending/enforcing security policies, high-tech ways
 - ⑥B " " low-tech ways
 - ⑦A Violating/abusing/circumventing high-tech ways
 - ⑦B " " low-tech ways
